myzip green

Sempre nuovi plus per un minore impatto ambientale: dai packaging in cartone riciclato, ai nastri in cotone organico certificato GOTS o in poliestere riciclato certificato GRS, ad una sempre più attenta gestione dei processi galvanici e di riutilizzo dell'acqua.

Non stop improvements aimed to reduce our environmental impact: recycled card boxes packaging, organic cotton tapes with GOTS certified or recycled polyester tapes with GRS certified and an high attention on the plating processes and water cycle of the company.

300+ pullers

Oltre 300 tiretti disponibili in pronta consegna, nelle misure adatte a ogni tipo di catena, in diverse finiture galvaniche o colori verniciati.

More than 300 styles of ready in stock pullers. Available in different measures, to fit any chain size and in different plating finishes or lacquered colors.

endless tapes

Infiniti nastri, in poliestere classico o cotoniero, garzato, denim, grosgrain, cotone, melange, raso, velluto, lurex, spalmati, idrorepellenti, reflex, stampati a disegno e in oltre 300 tinte unite.
Richiedi la cartella colori!

An infinity variety of tapes; classic or poly-cotton polyester, meshed, cotton, melange, satin, velvet, lurex, water-repellent, reflective, printed and in more than 300 tone on tone colors.
Ask for our color card!

BIG stock

Uno stock service con oltre 1 milione di zip in nylon, plastica e metallo tranciato, subito disponibili a magazzino.
Consultalo ora su myzip.it!

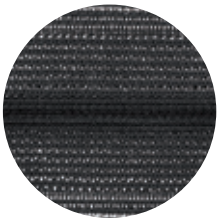
A "ready in stock" service involving more than 1 million nylon, plastic and standard metal zippers. Right away available on stock.
Check it out on myzip.it!

myzip 4 leather

Una gamma di cerniere, soluzioni tecniche e finiture, pensati ad hoc per il settore calzaturiero e pelletteria!

An entire zippers range with custom made technical solutions and finishes dedicated to the footwear and leatherware industry!

catene | *chains*



invisibile
invisible

Catena sottile in nylon, concepita per essere completamente invisibile sul capo. Versatile e leggera, si adatta perfettamente alle curve del corpo. E' disponibile in una vasta gamma di colori.

This thin nylon coil chain is studied to be concealed once sewn on the garment. Light and flexible, it perfectly fits the body and dress curves. Available in a wide range of colours.

spirale nylon
nylon coil

Catena in nylon con cordonetto in poliestere. Versatile e leggera, si adatta bene alle curve del corpo senza graffiare. Particolarmente adatta per l'abbigliamento tecnico sportivo.

Nylon coil chain with polyester thread. Light and flexible, it's well fitting the body and dress curves without scratching. Highly recommended for technical sportswear.

spirale rovesciata
reversed nylon coil

Catena in nylon con cordonetto in poliestere. La spirale si trova sulla parte posteriore del nastro, donando un effetto estetico a scomparsa. Versatile e leggera, si adatta bene alle curve del corpo senza graffiare. Particolarmente adatta per l'abbigliamento tenico sportivo.

Nylon coil chain with polyester thread. The coil is completely on the back, giving a concealed look. Light and flexible, it's well fitting the body and dress curves without scratching. Highly recommended for technical sportswear.

tranciato
standard metal

Catena con dentini in metallo, tranciati e graffati direttamente al nastro. Questa cerniera è il modello entry level e più economico delle zip in metallo.

Chain with metal teeth sliced and stapled directly to the tape. It is the entry level and cheapest option among metal zippers.

tranciato simmetrico
symmetrical standard metal

I dentini in metallo, tranciati e graffati direttamente al nastro, hanno una forma particolare che garantisce una maggiore tenuta alla trazione laterale, oltre ad un nuovo effetto estetico rispetto al modello standard.

The moulded and stapled directly to the tape metal teeth have a special symmetrical shape that gives a higher lateral resistance performance. Moreover, it gets a new aesthetic look compared to the standard one.

zer030
high quality zer030 metal

I dentini in metallo preventivamente tranciati, burattati e galvanizzati, vengono applicati uno ad uno sul nastro. Questa catena rappresenta la migliore qualità delle cerniere in metallo.

Chain with metal teeth individually moulded, tumbled and plated before being stapled one by one to the tape. This chain represents the highest quality among metal zippers.

zer030 simmetrico
high quality zer030 symmetrical

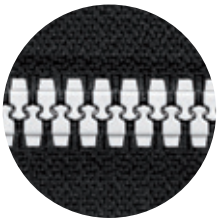
I dentini in metallo preventivamente tranciati, burattati, galvanizzati e montati uno ad uno sul nastro, hanno una forma particolare che garantisce una maggiore tenuta alla trazione laterale, oltre ad un nuovo effetto estetico rispetto al modello standard. Particolarmente consigliata sulla pelletteria.

Chain with metal teeth individually moulded, tumbled and plated before being stapled one by one to the tape. The special symmetrical shape gives a higher lateral resistance performance. Moreover, it gets a new aesthetic look compared to the standard one. Particularly recommended for leatherwear.

pressofusa
injected plastic

I dentini in plastica vengono pressofusi direttamente sul nastro. Questa catena leggera e resistente è ideale per ottenere un look sportivo. I dentini sono nella forma classica.

The plastic teeth are injected directly onto the tape. The chain is light and resistant, ideal for a sportswear look. The tooth is in the classic shape.



pressofusa ribassata
lowered injected plastic

I dentini in plastica vengono pressofusi direttamente sul nastro. Questa catena leggera e resistente è ideale per ottenere un look sportivo. La forma ribassata dei dentini offre un'alternativa estetica.

The plastic teeth are injected directly onto the tape. The chain is light and resistant, ideal for a sportswear look. The lowered tooth shape is an aesthetic alternative.

pressofusa simmetrica
symmetrical injected plastic

I dentini in plastica vengono pressofusi direttamente sul nastro. La forma simmetrica dei dentini offre una nuova alternativa estetica.

The plastic teeth are injected directly onto the tape. The symmetrical tooth shape is a new aesthetic alternative.
